Near Their Discharge.

The Creighton Guards, some time ago, forwarded to Governor Thayer a request to be discharged from the service of the Nebraska National Guards. The request, it seems, was forwarded to Adjutant General Cole, who returned it to the company with in structions to obtain to it the signatures of the members of the company. The instructions have been complied with, the names of all the members of the company in good standing having been secured. It is expected that, in a few days, the company will be discharged.

THE PHARMACY RAT HOLE. What a Thriving Business it is Al-

leged to Have Transacted. "The county drug store is a rat hole for swallowing up money," said a well-informed man yesterday. "And yet Commissioner Mount and Frank Zimmer, the pharmacist in charge of it, have been trying to make it appear that since the cancern was started, less than one year ago, not more than \$1,500 has been expended for drugs.

"An examination of the bills, books and vouchers, however, shows that either they don't know what is going on or are trying to suppress facts which might require explana-

suppress facts which might require explanation."

A Ber reporter made note of the bills allowed and paid to city druggists since August 11 of last year, which is about the time the scheme seems to have been inaugurated. The total reaches \$3,501.30. On the date mentioned above, the Goodman Drug company received a warrant for \$709.56, while Hughes & Schmidt were paid \$329.25. Again, in December, Goodman received \$559.81. Up to the first of July, of this year, the same firm has pulled out a little over \$1,500. Other dealers, such as J. W. Hughes, \$235.70; James A. Forsythe, \$90; John Dwyer, \$3.85; Max Becht, \$4.85, and A. C. Bell, \$5, are also in the list.

These sums do not include prescriptions which have been sent by the county physician for special medicines, to, probably, Kuhn, Fuller, Saxe, and Leslie.

This matter is attracting a good deal of attention now, because of the fact that bids have been advertised for and a new contract will be let. Those who claim sufficient familiarity with the matter, openly charge that

will be let. Those who claim sufficient familiarity with the matter, openly charge that the business is being managed very loosely. Not one of the agreements originally entered into, it is said, have been lived up to. For instance, an understanding was arrived at first, between the county and city that if the former would supply the drugs, the latter would employ, at \$25 per month, a man whose duty it should be to attend and deal them out. The scheme was started in this way with Frank Zimmer, a young man who failed in business at Grand Island, as superintendent. In a very short time, Mount and Anderson, apparently through some potent will be let. Those who claim sufficient famil-Auderson, apparently through some potent influence brought to bear upon them, had his name placed on the county pay roll for \$83 a month salary in addition to the \$25 he received from the city. An explanation in justification of this action tended to show that

Zimmer was to give all his time except two hours each day, to assist Mr. Evans, the county auditor. But the discovery was soon made that nothing like decent service could be given in either department under such an arrangement, consequently Mr. Zimmer has since devoted his entire attention to the drug

As an evidence that this was needed the young man stated that he had, up to the present time, compounded nearly 8,000 prescriptions,

assertion seems most ridiculous unless the number of people supplied from this source has increased worderfully within the past two years. One compounder of medicines and pills says that, when he filled all the orders, his bills to the county averaged about \$10 a month.

Another declares that the heaviest business

of any drug store in this city will not exceed 40 perscriptions a day, or 14,000 per year. Nine-tentas of them fall below 8,000. Therefore, if Mr. Zimmer's statement is correct, the county concern must be having an immense business.

heretofore unknown. A UNION FREIGHT DEPOT.

Why One Should be Selected on the

lowa Bottoms. OMARA, July 30 .- To the Editor of THE BEE; Many of the wholesale merchants of this city whose trade extends into Iowa are carting their goods over the new wagon bridge to the up town depots at Council Bluffs. This is done to insure speedy delivery. Why not urge the building of a freight depot at the end of the wagon bridge on the wa side by the roads whose freight trains do not enter this city? The much talked of passenger depot would not help Omaha commercially, freight facilities are what we want. There is practically no ground for a union freight depot this side of Cut-off island, at which point there is no bridge. The lowa roads all have the right-of-way to the river opposite Omaha. A small depot could be built which would at least give temporary relief to Omaha's wholesale trade. In fact, all mercantile pursuits would be benefitted. It is a wellknown fact that at St. Louis many of the merchants are hauling their freight from the east across the combined railroad and wagon bridge at that city in preference to paying car toll over the bridge and then rehauling. The erection of such a bridge was seriously contemplated last fall by some of the lowa roads. Why was the project abandoned. The east side of the river within a doned! The east side of the river within a radius of a mile is practically a part of Omaha since the construction of the wagon bridge. Let us have a freight depot at end of the bridge.

Hultz has been working as hostler in the fair grounds barns in Council Bluffs and came to Omaha with \$100, and a man who met him in Council Bluffs. Among Errors Ruinous to Health One of the most mischievous and most com mon is the indiscriminate and too frequent use of purgatives. Such medicines, if well chosen and seasonably resorted to, are certainly useful, but many persons select the worst, fly from one to the other, and employ them when there is no occasion, or their utility has ceased. To establish on a permanent basis a regular condition of the bowels, the finest alterative is Hostetter's Stomach Bitters. Lieutenant Tousley's Snub by an At-

valued at \$75. When the case was called before Judge Berka, Lieutenant Tousley wanted a continuance, claiming that his wife was not able to attend the trial. Ed Crowell, attorney for Miss Rasmussen, insisted upon a trial, and Lieutenant Tousley offered to proceed if he should be allowed to give the testimony that his wife would offer.

To this Crowell objected, and added the remark that he would not believe Tousley under oatn.

under oath.

"It's a good thing, sir, that you're an attorney and under the protection of the court," retorted the lieutenant, with a fine assumption of military dignity.

"That fact don't cut any figure at all," responded Crowell in a provoking manner. "There's plenty of room outside and I'll be

pleased to accommodate you."

The lieutenant was fairly enraged at this and gave promise of seeing that fearful retribution would be exacted from the attorney

for his impudence.
Then Assistant County Attorney Shea took a hand in the matter. He found that the lieutenant's ring had never been stolen at all, but was in the possession of its owner when the charge was made against Miss Rasmussen. He found also that the officers at the fort who were Lieutenant Tousley's superiors in rank were espousing the cause of the girl and that General Wheaton, post commander, had taken her into his emply and was interested in her trial. On this showing Mr. Shea

moved that the case be dismissed and the judge acted accordingly.

Lieutenant Tousley was not satisfied with Mr. Shea's action and endeavored, without success, to have County Attorney Mahoney renew the prosecution.

The plans and specifications may be seen at the office of Mendelssohn, Fisher & Lawrie until the 8th of next month, when they will be removed to Lincoln.

The proposition of the Litchfield Car & Manufacturing company to build a fish car for the commission was accepted. The car will contain all the tanks usually required in the business, together with the other com-partments found on such conveyances. One berth will be constructed with room in which to erect another if it should be required. The car will be forty-five feet long, cost \$2,000, and be finished in sixty days.

The board meets at South Bend on the 17th instant, when the bids for the hatchery will be opened.

Baffled all Medical Science. Baffled all Medical Science.

When Mercury, Iodide of Potassium, Sarsapa rilla or Hot Springs fall, we guarantee a cure.

We have a Remedy, unknown to anyone in the World outside of our Company, and one that has NEVER FAILED to cure the most obstinate cases. Ten days in recent cases does the work. It is the old chronid deep seated cases that we solicit. We have cured hundreds who have been abandoned by Physicians, and pronounced incurable, and we challenge the world to bring us a case that we will not cure in less than sixty days.

Since the history of medicine a true specific for Syphilis has been sought for but never found until our

was discovered, and we are justified in saying it is the only itemedy in the World that will positively cure, because the latest Medical Works, published by the best known authorities say there was never a true specific before. Our remedy will cure when everything else has falled. Why waste you time and money with patent medicines that never had virtue, or coctor with physicians that cannot cure you, you that have tried everything else should come to us now and get permanent relief, you never can get it elsewhers. Mark what we say, in the end you must take our remedy or NEVER recover and you that have been smileted but a short time should by all means come to us now, not one in ten of new cases ever get permanently cured. Many gethelp and think they are free from the disease, but in one, two or three years after it appears agata in a more horrible form.

This is a blood Purifier and will Cure any Skin or Blood Disease when MAGIC REMEDY

any Skin or Blood Disease when Everything Else Fails. NOTICE—We desire to caution patients in regard to parties claiming to use the Cook Remedy. Our formula is not and CANNOT be known to anyone but oursolves.
